
ENGIE, a Global Energy Player

DEMO Platform meeting

Date : 02.10.2018

€69.9 BILLION of revenues
in 2015

154,950
EMPLOYEES

worldwide
21.6% of whom are women

Operations
in
70
COUNTRIES
around
the world

1,000
RESEARCHERS
AND EXPERTS
IN 11 R&D CENTERS

No. 1 INDEPENDENT
POWER PRODUCER

in the world, including
in the Persian Gulf countries,
Brazil and Thailand

117.1
GIGAWATTS

of installed
power-production capacity

Breakdown
of installed power capacity by energy source

56.2% ⚡ NATURAL GAS
18.3% ⚡ RENEWABLE
ENERGY
12.8% ⚡ COAL
5.3% ⚡ NUCLEAR
7.4% ⚡ OTHER

No. 1
IMPORTER
of liquefied gas
in Europe
and 5th worldwide

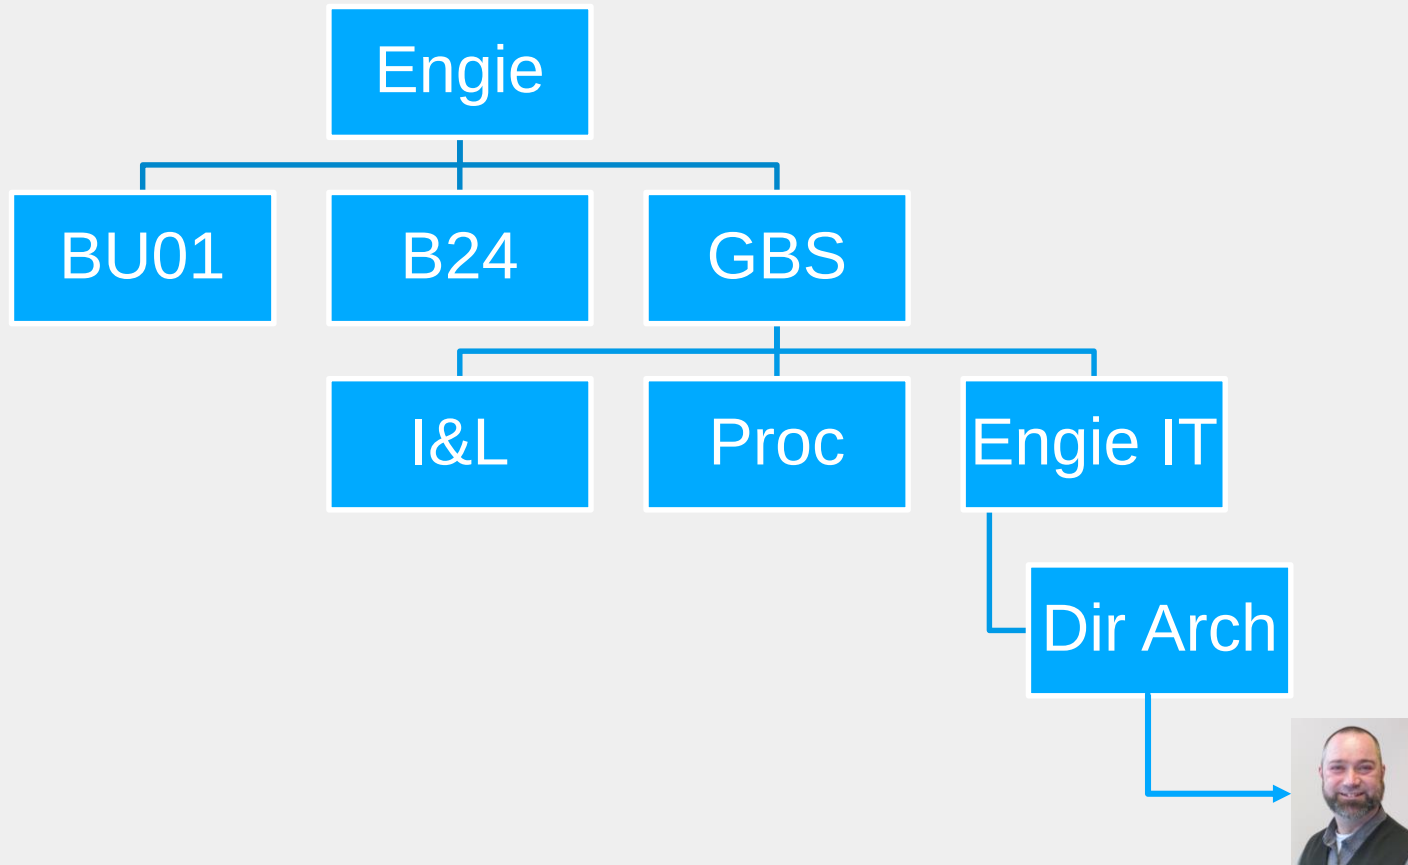

228
URBAN NETWORKS
for heating and cooling
operated in 13 countries

A natural-gas
supply portfolio of
1,132
TERAWATTHOURS
per year
or 105 billion m³

€22
BILLION
of investments
in 2016-2018

Engie Organization

Cases

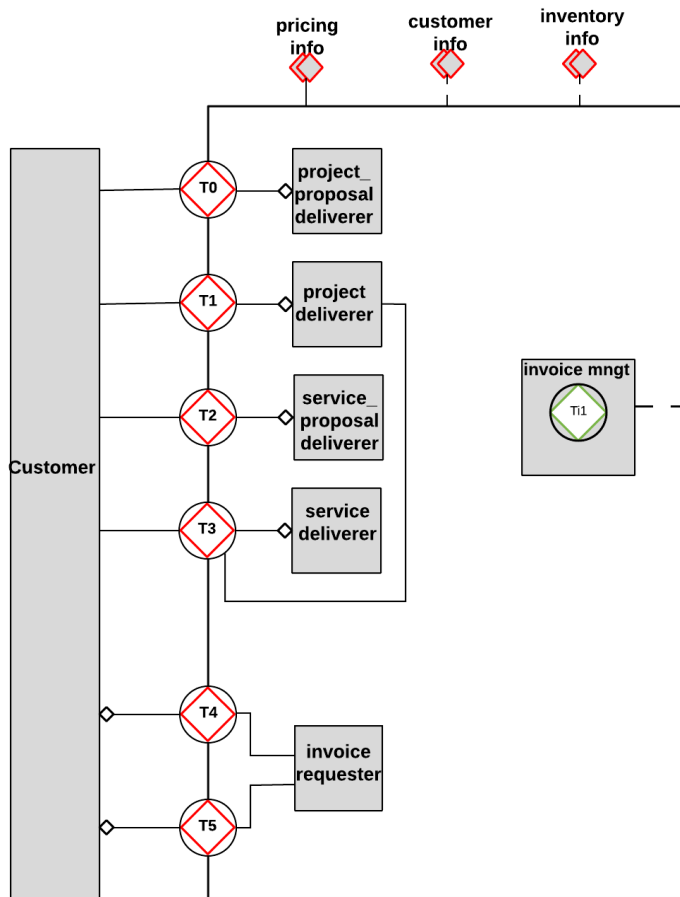

GBS Engie IT
GBS I&L

- Order to Cash
- IT Blueprint

GBS Engie IT: Order to Cash

- Engie IT delivers projects and services to Engie BU's
- Engie IT is not the mandatory IT organization of the Group
- Engie IT delivers pricing proposals for services and projects
- Upon acceptance, services and projects are delivered
- Upon delivery, services and projects are invoiced

GBS Engie IT: Order to Cash

transaction kind	product kind
T0 deliver project_proposal	P0 Project_proposal is delivered
T1 deliver project	P1 Project is delivered
T2 deliver service_proposal	P2 Service_proposal is delivered
T3 contract service	P3 Service is contracted
T4 project payment	P4 the invoice of Project is paid
T5 service payment	P5 the invoice of Service is paid

Personal tooling
Business Process
Product fact scan

Product fact scattered around

Link between contracting and invoice : vague

GBS Engie IT: Order to Cash

Value of DEMO:

- Reveal what is really going on
- Is what we want to do ontological possible

Value of ArchiMate:

- Language closer to stakeholders → they want to see their “Application”
- Allows better analysis of the Application landscape: optimization and defects

GBS I&L: IT Blueprint

GBS I&L : Immo & logistics

Manages a lot of buildings and offers logistical services in the building

Require guidance in creating an IT Blueprint :

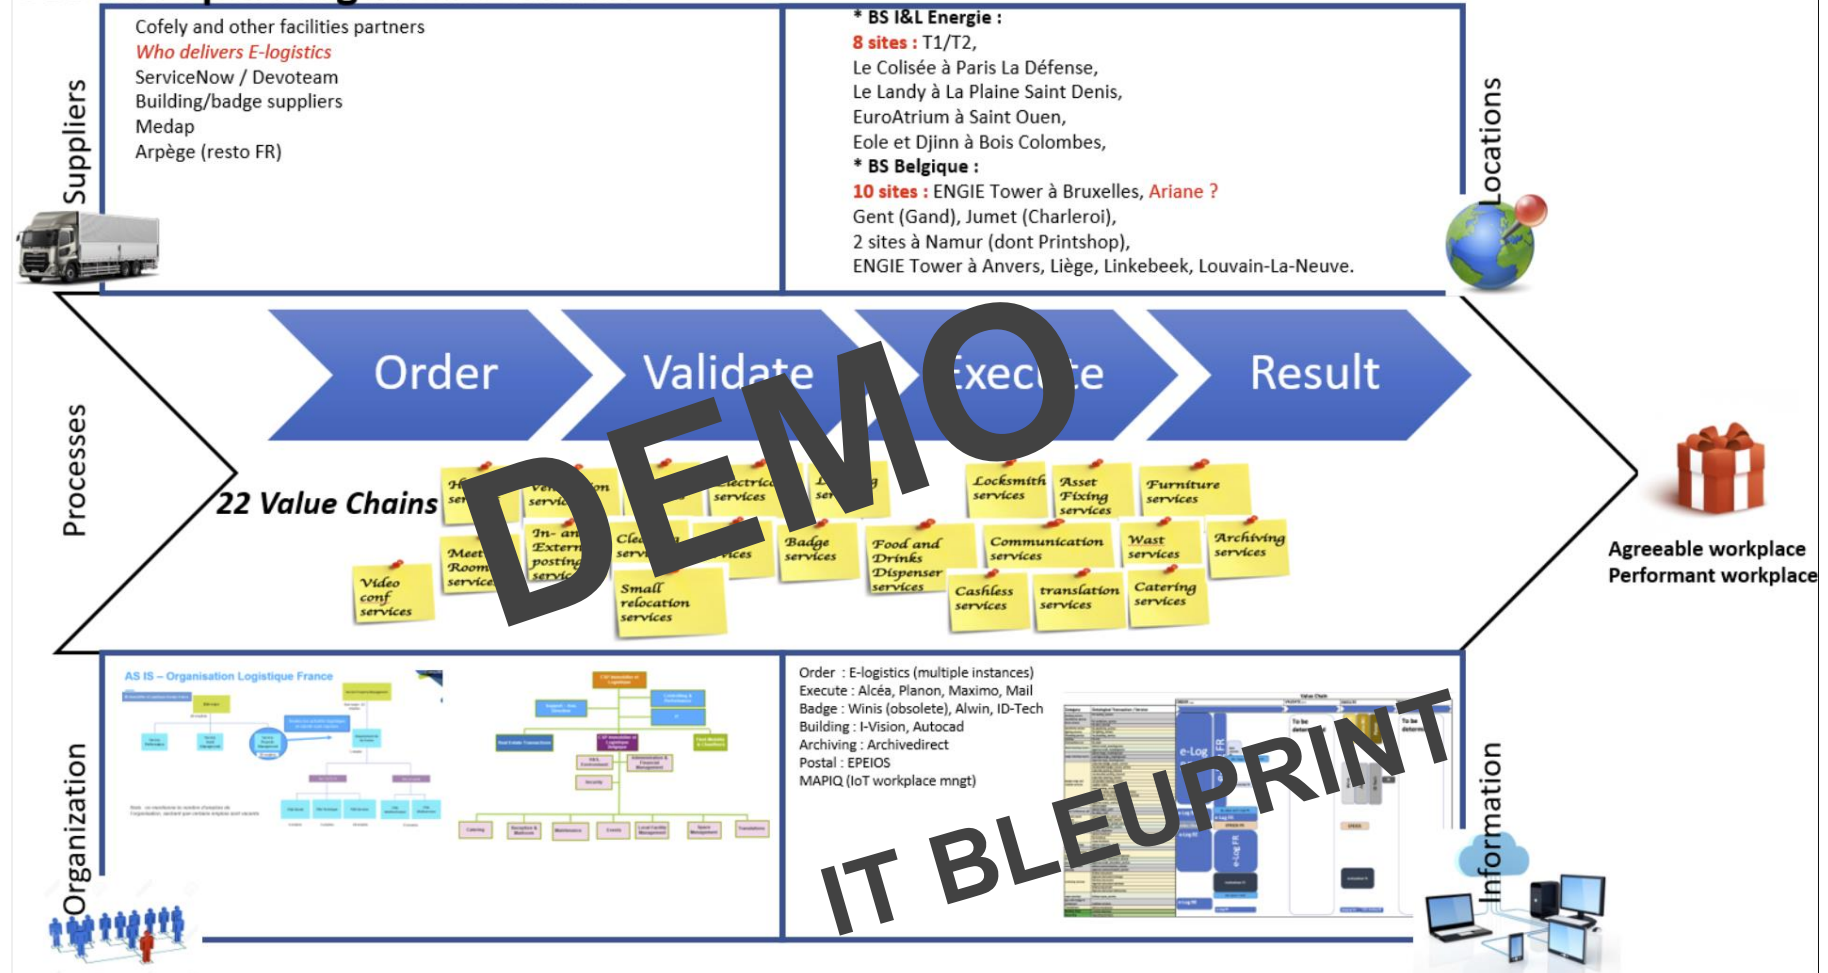

- MyGBS Portal project

- Obsolete logistics applications

- Optimization of floor space – introducing IoT

GBS I&L: IT Blueprint

GBS I&L Operating Model Canvas

GBS I&L : IT Blueprint

For each transaction :

- IT components used in the “REQUEST” phase
- IT components used in the “EXECUTE” phase
- IT components used in the “DELIVERY” phase

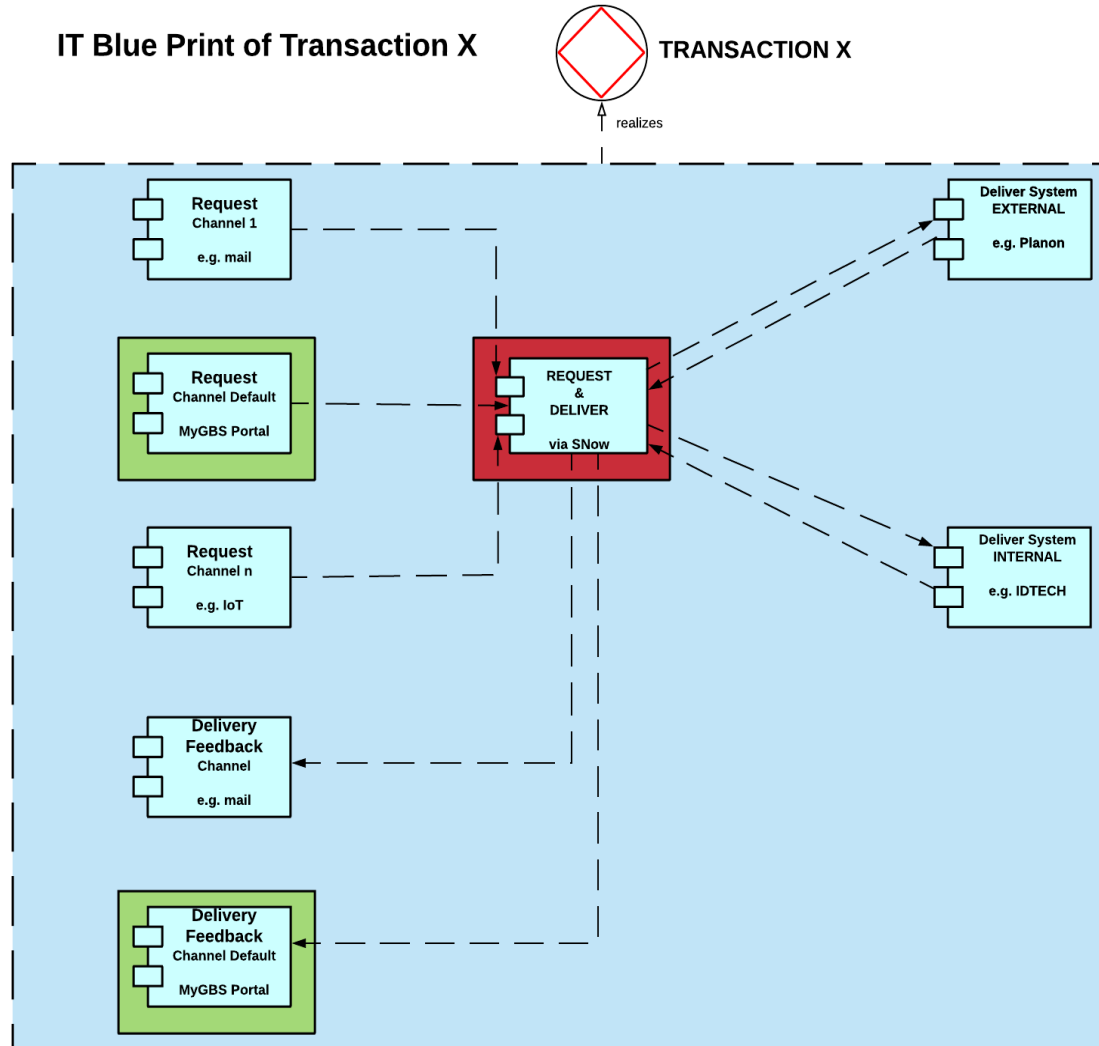

For each transaction bank:

- IT component used to consult the content

GBS I&L: IT Blueprint

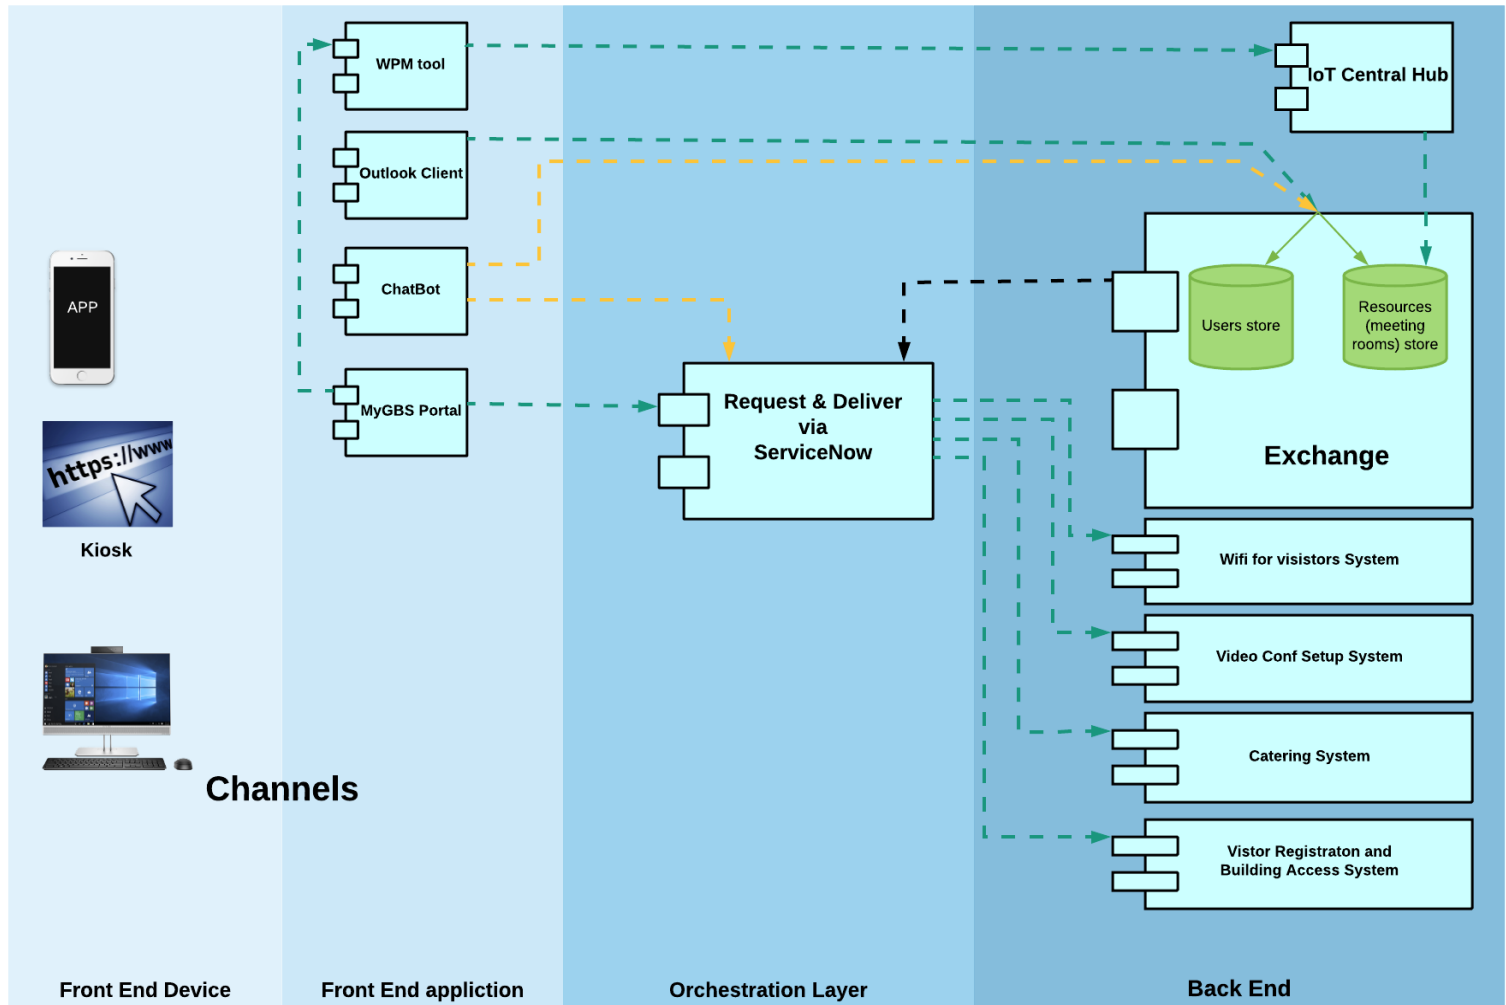

General Pattern

IT Blue Print of Transaction X

GBS I&L: IT Blueprint

Specific Pattern

GBS I&L: IT Blueprint

Value of DEMO:

- Fix the scope of GBS I&L activities
- Transaction Phases

Value of ArchiMate:

- Link Transaction Phases to Applications
- Create Transaction Realization Patterns
